To: Mr. Harold Weisberg

Dear Mr. Weisberg,

I am extremely interested in receiving your "Whitewash" volumes & your book "Post Mortem." I feel compelled to learn all of the facts, as should every American so that they can see for themselves how the media is helping to cover-up the Assassination (or the facts about it) If enough people would educate themselves on this subject, the media wouldn't be able to do this. (I can hardly wait to see Dan Rathers "48 Hours". That should really be something, considering his record.)

Mr. Weisberg, I really admire you for working so hard, so long, on this case. You are a classic example of a person who can't be brainwashed by the govt & the Media. At 28 years of age (Oct. 30, 1963 - 1:00 pm. est!) I am now proud to count myself in those Ranks.

Do you think there is anything we can do to secure the Media to come clean on the facts? Is it a matter of infiltration of the Media by the CIA, or is there a fear among top journalists that acknowledging the facts might destroy

the country? I would welcome your comments on this subject as well as any recommendations you may have on what to read about it.

On the BBC Program "The Men Who Killed Kennedy" which aired on A & E you spoke about Vietnam & its possible connection to the Assassination. Later I heard you disagreed with Oliver Stone's thesis. Why? Could you explain what you think he did wrong? One thing you can say about the movie is that it has raised public consciousness again which can only be good.

Please write. I am desperate to ask questions of knowledgable people, & to somehow express myself. I admit that I am obsessed, but I feel unequivocally that this is the most important matter facing America today. Either we get back to the ideals of Thomas Jefferson, Abraham Lincoln, & John F. Kennedy, or we are doomed to Fascism. I feel that is the importance we should place on acknowledgment by the govt of the murder & cover-up of our Last Great President.

Please send your books, or info on them.

Thanks
Sonya Mulder
